Danielle has been with ORBA since 1984, becoming a director in 1995. Danielle is a specialist with ORBA's Family Office Services Team and is also a member of the firm's Litigation Support Team, Marital Dissolution Services Team and the Technology Advancement Committee. Over her career, she has worked extensively with family offices, individuals and privately-held companies in a variety of industries, including manufacturing, real estate, construction, distribution and various service industries. Danielle delivers guidance on a full range of financial and business services. She also provides specialty business consulting to help clients improve their bottom line.

When Danielle isn't supporting or providing family level guidance, she assists clients with establishing a strong financial foundation by helping them register with tax authorities, setting up the right accounting software and developing proper systems and internal controls for their financial functions. Clients frequently rely on Danielle for her expertise. Her work is sought after and she often leads seminars on accounting and internal control procedures for clients and community organizations.

PROACTIVE

Danielle knows that the best way she can help clients is to listen to them and completely understand their needs. Doing so allows her to stay a couple steps ahead and effectively apply the best practices she has learned throughout her career. Her reward is seeing her clients grow their businesses year after year. Through the tough times, Danielle rolls up her sleeves and works hand-in-hand with her clients to get them through to the other side.

OUTSIDE OF THE OFFICE

Outside of the office, Danielle tends to her family. Whenever the opportunity arises, she is excited to plan her next trip to a new destination throughout Europe and Asia.
