O 312.670.7444

Tiffany St. Peter is the Controller for ORBA's Cloud CFO Services Group. Tiffany has experience in the professional services, retail, food and beverage industries (including breweries), e-commerce, consumer packaged goods, manufacturing, tech companies, cannabis, and not-for-profit, providing clients with conducting annual audits, providing consulting and bookkeeping services, along with financial statement preparation and analysis. Her previous experience as a corporate controller and the sole proprietor and consultant of an outsourced accounting firm lends a high degree of experience and relevance when dealing with clients.
